ACTIONS SPEAK LOUDEST

WHEN the Santa's Workshop gang head off for the Variety Bash later this month, their car will carry the Act-Belong-Commit message with them.

In fact, the sticker will take pride of place on the car among the numerous and varied stickers the team has collected over the years.

Mac McCaskey said supporting the Act-Belong-Commit campaign was extremely important.

"Being based in Rockingham and fast becoming known for our community involvement, we want to work together to a common goal in spreading the word," Mr McCaskey said.

"It's also very heart warming to see like-minded not-for-profit groups like Rotary and KeyAssets come on-board to assist us in our endeavours."

Bash Car 2512 (pictured) will head out from Joon-dalup on August 28, with the team winding its way across the state before arriving back in Perth on September 4.

The Bash is a fundraising event for the charity organisation Variety, which provides help for children who are sick, disadvantaged or have special needs.
